

# The Weekly Democrat.

Published Every Saturday by  
The Democrat Printing Co.  
114 THEMIS STREET.

Entered at the Post Office at Cape Girardeau,  
Mo., as second-class matter.

SATURDAY, AUGUST 21, 1897.

Wheat and Republican principles  
are going up, up, up.

There is no use in talking. This is  
a great country where the Republicans  
are in the saddle.

The American farmer is now boss of  
the situation. The American mechanic  
will soon be ditto.

The Republican party has made a  
Klondike here at home for all honest  
men who want to enjoy prosperity.

You don't have to go to Klondike  
to get riches. Remain at home and  
vote the Republican ticket and your  
fortune is made.

The DeSoto Facts says the editor of  
the DEMOCRAT is a bird. That may  
be a fact, but we are not of the cuckoo  
breed like editor Crove.

The editor of the Jackson Cash-  
Book will be unhappy for six months.  
The Circuit Court has decided that the  
County Court did right in giving the  
Jackson saloon license.

There are three applicants for the  
Commerce post-office. They are: Her-  
man Wahl, Robert Finley and Will  
Hutton. The fight is between Wahl  
and Finley with Hutton as a dark  
horse.

The little shirt-tail free silver Demo-  
cratic editors keep right along with  
the other d-d fools. They don't know  
prosperity when they see it. They con-  
tinue to say hard times and worse  
coming.

The Dexter Fair commences next  
Tuesday. It will be the first Fair held  
in this section and the prospects are  
they will have a large attendance.  
The association is offering some good  
premiums in their speed ring.

Bryanism is one of the isms that re-  
mained with us but a short time, thank  
the Lord. Republicanism and dollar  
wheat are two things necessary to make  
a nation happy. We have one and the  
other is in sight coming.

The editor of the Poplar Bluff Re-  
publican keeps right on trying to get  
the editor of the Scott County News-  
boy to see the prosperous times. Don't  
the editor of the Republican know that  
the editor of the Newsboy wears a  
glass eye?

The Democratic administration in  
this county work the colored prisoners  
twelve hours a day. If the Republi-  
cans had been elected to fill the county  
offices at the last election those poor  
"niggers" would be let off with eight  
hours a day on the rock pile at Jack-  
son.

The editor of the Jackson Comet is  
growing because the DEMOCRAT is  
considered authority on the legal rates  
for legal advertisements. The editor  
of the Comet must learn to have some  
respect for age. The editor of the  
DEMOCRAT was in the newspaper busi-  
ness before the editor of the Comet  
quit wearing diapers.

It was an editor away "out west"  
who received a letter from an indig-  
nant subscriber, saying: "I don't  
want your paper any longer." To  
which the editor replied: "That is all  
right. I wouldn't make it any longer  
if you did, because in that case I  
would have to buy a new press. The  
present length just suits me, and I'm  
glad it suits you."

Congressman Vandiver says the tim-  
ber that has been falling on his fences  
is from limbs from gold bug trees that  
were doomed in the last campaign.  
Mr. Vandiver will find later on that  
the gold bug timber is all alive and  
in the best of health. He will also  
find that the free silver timber is strip-  
ping its plumage and withering.

Five years ago Bill Stone, who was  
then the Democratic candidate for  
Governor of Missouri, told the farm-  
ers in his speeches that the election of  
Grover Cleveland to the Presidency of  
the United States and Bill Stone to  
the Governorship of Missouri meant  
dollar wheat. They were elected but  
the farmers only got forty cents for  
their wheat. Cleveland is out. Stone  
is out and the farmer is now getting  
nearly the dollar for his wheat. How  
things do change.

Accidents,  
and how to deal with them, and other  
valuable medical information, will be  
found in Dr. Kaufmann's great Medi-  
cal Work: elegant colored plates.

ton, Mass., and receive a copy free

## Prejudice Easily Overcome.

A curious incident characteristic of  
the proverbial conservatism of the  
Chinese occurred when the first cable  
was laid along the coast from Peking  
to Shanghai. Soon after it was laid  
a lottery drawing came off in Peking,  
in which many of the residents of  
Shanghai held tickets. One of the  
gamblers so far overcame his distrust  
of the cable as to have the winning  
numbers sent him, and he bought the  
tickets bearing them from his more  
skeptical townsmen, realizing a small  
fortune on the transaction. About the  
same time there was a scanty rice crop  
in the upper provinces, and a Singa-  
pore merchant telegraphed to Peking for  
instructions to buy heavily, the ultimate  
result being that he sold out at an im-  
mense profit and retired in opulence.  
After two or three practical lessons of  
this nature the Chinese came to the  
realization of the fact that the tele-  
graph is a good thing to have around.

## Buckley's Arnica Salve.

The best salve in the world for cuts,  
bruises, sores, ulcers, salt rheum,  
fever sores, tetter, chapped hands,  
chilblains, corns, and all skin eruptions,

pay required. It is guaranteed to give  
perfect satisfaction or money refunded.  
Price 25 cents per box. For sale at  
W. C. Haman's.

## It Was a Birthday Party.

A little girl who lives in Crafton re-  
ceived an invitation to a party which  
a friend was about to give, says the  
Pittsburg "Chronicle-Telegraph." The  
invitation had been written by the  
small hostess. After surveying the  
note with delight for a few minutes,  
the recipient said:

"Papa, I wonder if it is a birthday  
party."  
"Let me see the invitation."  
After a brief inspection he said:  
"Yes; it must be a birthday party.  
It begins, 'Your presents is desired.'"

## "The Hull Thing."

Arkansas marks were all over this  
delegate, who sat in the same chair  
in the Cadillac the better part of three  
days last week, while the Republicans  
were here. He wore a hat with a top  
fashioned like a haystack and a brim  
as a pan cake and broad enough to  
shade his feet if the sun stood high  
enough.

"Along to this here convention?"  
asked a man beside him.

"Yep."

"Not many Republicans down your  
way now, are there?"

"I'm the only one in our town."

"Is that so?"

"Yes-sir-ee! Voted the ticket straight  
high on to fifty year."

"Is that possible?"

"Yep! Goin' to be postmaster now.  
I've been Republican committee chair-  
man—the hull thing—ever since Hank  
David died. Hank used to run things  
when he was alive. Ain't nobody else  
to make postmaster, you see. Guess  
I'll get it."

"That's good. How much is there  
in it?"

"Two hundred dollars, I guess!"  
—Detroit Free Press.

## It May Do as Much for You.

Mr. Fred Miller, Irving, Ill., writes  
that he had a Severe Kidney trouble  
for many years, with severe pains in  
his back and also that his bladder  
was affected. He tried many so-called  
Kidney cures but with out any good  
results. About a year ago he began  
use of Electric Bitters and found relief  
at once. Electric Bitters is especially  
adapted to cure of all Kidney and  
Liver troubles and often gives almost  
instant relief. One trial will prove our  
statement. Price only 50 cents  
for large bottle. At W. C. Haman's  
drug store.

## A Fly in the Ointment.

They were floating on the park la-  
goon in a rowboat built for two. The  
air was full of music and moonlight,  
and she was brimming over with ro-  
mantic ecstasy.

"Oh, George," she finally remarked,  
with a heavy sigh, "wouldn't it be  
heaven itself if we two could float on  
just like this all through life to-  
gether?"

"I'm afraid not," he replied prosai-  
cally. "At 25 an hour this sort of  
thing would speedily become that other  
biblical place we read about, 'Chim-  
go Times Herald.'"

## Have You Kidney Trouble?

A 25c. trial bottle of Foley's Kidney  
Cure will prevent serious results from  
this usually fatal disease. W. H.  
Coeur, Druggist.

## News Service Extended.

The St. Louis Republic recently  
made arrangements with the cable  
companies, whereby direct news from  
all the civilized world are received.  
It now prints more authentic foreign  
news than any other paper and contin-  
ues to keep up its record for publish-  
ing all the home news. The outlook  
for the year is one of big news events,  
fast succeeding each other and they  
will be highly interesting to every-  
one. The price of The Republic daily  
is 86 a year, or \$1.50 for three months.  
The Twice-a-Week Republic will re-  
main the same—one dollar a year, by  
mail, twice a week.

## Followed Only by Smiles.

"There is a funny little episode con-  
nected with the first time I heard Annie  
Besant lecture," said Mrs. Reuben C.  
Lemmon, yesterday. "It was during  
the Congress of Religions at the  
World's Fair. Mrs. Besant lectured  
in Washington hall; at the same time  
there were lectures by eminent Presby-  
terian divines in another part of the  
building. The crowd was so great  
that I waited on the steps of the build-  
ing for an hour in order to get a front  
seat."

"After Mrs. Besant had begun to  
speak, a little rotund, bald-headed  
man came noisily down the aisle and  
mounting the platform, asked her per-  
mission to address the audience of at  
least 3000 people. Mrs. Besant  
graciously acceded to his request, and  
he said:

"Last some of the people in this au-  
dience, through mistake, have entered  
this auditorium, thinking it was the  
place where the eminent Presbyterian  
divines are at present explaining the  
tenets of the faith. I take occasion to  
say, if there are any such here, they  
can follow me to the other hall." The  
little man stepped down with great  
dignity and walked out, followed only  
by the smiles of the people who had  
come to hear Annie Besant, upon  
whose face was a look of suppressed  
mirth as she resumed her lecture."  
—Toledo (O.) Blade.

## Smoker's Heart-Burn.

Heart-burn from excessive smoking,  
or from any other cause, is relieved  
by the first dose of No. 10, Dr. Ham-  
phrey's Specific for Dyspepsia. 25c—

## Shocked the Congregation.

"I don't believe it ever happened,"  
declared Len Owens in the presence of  
a San Francisco "Post" man, "but  
I'm going to tell it anyway, and if you  
fellows want to believe it all right."

"A young lady found a purse in  
church and notified the pastor that she  
had it, so if any one reported the loss  
it could be returned. The next Sabbath  
the clergyman made following an-  
nouncement from the pulpit:

"Some one lost a purse here last  
Sunday evening, and if the owner  
wants his property he can go to Helen  
Hunt for it."

## A Warm Friend.

Foley's Colic Cure is very hot, but  
when diluted it is a warm friend in-  
deed to those suffering from bowel  
complaint. It never fails. 25c. and  
50c. W. H. Coerver, Druggist.

## To Consumptives.

As an honest remedy, Foley's Honey

Druggist.
